

MAAZ PATHAN

Aspiring Software Engineer | Full Stack Web Developer

Surat, Gujarat, India | +91 8160991036 | pathanmaaz142@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Information Technology undergraduate at P P Savani University with a completed Diploma in Computer Engineering and practical freelance experience delivering and deploying live client websites. Hands-on exposure to responsive web interfaces, custom admin panels, and an AI-assisted development workflow. Grounded in Java, JavaScript, web technologies, and database fundamentals; actively expanding into MERN full-stack development and Java-based Data Structures and Algorithms.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript (ES6+)

Frontend Development: HTML5, CSS3, Bootstrap, Responsive Web Design, Mobile-First Design, Semantic HTML

Databases & Backend Exposure: MySQL, MongoDB, Firebase, Node.js

Core CS Foundations: Object-Oriented Programming (OOP), Data Structures & Algorithms, Problem Solving

Tools & Deployment: Git, GitHub, Visual Studio Code, Antigravity, Vercel

Currently Learning: MERN Stack (MongoDB, Express.js, React, Node.js), REST APIs, Advanced DSA in Java

PROFESSIONAL EXPERIENCE

Freelance Web Developer | Independent Client Delivery

- Delivered web projects for business and organization clients, translating brand goals into clean, user-friendly digital experiences.
- Implemented responsive website layouts and custom admin panels for content updates and administrative management.
- Leveraged an AI-assisted development workflow to accelerate prototyping, component iteration, and code refinement.
- Managed end-to-end client handovers with Vercel cloud deployments, custom domain routing, and DNS configuration.

FEATURED CLIENT PROJECTS

National Auto Garage | Automotive Business & Garage Management — [Live Website](#)

- Built a responsive business website featuring a custom admin panel for managing garage services, operational hours, and direct customer inquiry channels; deployed live on Vercel.

Wisteria Trust | Organization & Non-Profit Portal — [Live Website](#)

- Delivered an organizational portal with a dedicated administrative dashboard for publishing trust initiatives and official notices, configured with custom domain routing and live hosting.

Alif Perfume | E-Commerce & Brand Showcase — [Live Website](#)

- Engineered a luxury fragrance catalog website incorporating a custom admin panel for catalog management and customer inquiries, utilizing an AI-assisted workflow and Vercel deployment.

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology

2025 – 2028 (Pursuing)

P P Savani University (PPSU), Gujarat, India | CGPA: 7.32

Diploma in Computer Engineering

2022 – 2025 (Completed)

A Y Dadabhai Technical Institute, Gujarat, India | Score: 8.46

ENGINEERING COMPETENCIES & PRACTICES

- Agile Learning & Technical Adaptability:** Quickly masters emerging tech stacks, developer tools, and programming paradigms; demonstrated through self-directed transition into full-stack development and continuous practical implementation.
- Commitment to Code Quality & Delivery:** Applies clean coding principles, modular component architecture, and responsive design standards; driven by a dependable work ethic to meet client milestones and deliver production-ready web solutions.
